OBJECTIVE

Motivated and detail-oriented developer with hands-on experience in building scalable web platforms and AI-driven solutions. Seeking to contribute technical expertise in backend development and modern frontend frameworks to build high-performance, user-centric applications. Eager to continuously learn and grow in a collaborative and fast-paced environment.

SKILLS

Programming Languages	Python, HTML, CSS, JavaScript
Frameworks	React.js, Next.js, Django, TailwindCSS
Databases	MySQL
Tools	Git
Soft Skills	Problem-solving, Teamwork, Adaptability, Communication

PROJECTS

CampusGenius – Learning Platform [Link](#) *Next.js, Django, MySQL, TailwindCSS, JWT*

- Built a scalable web-based learning platform with real-time features like note sharing, quizzes, and meeting scheduling.
- Implemented role-based access (Faculty/Student) with secure JWT authentication.
- Developed a clean and responsive UI using React/Next.js and TailwindCSS.

AI Chatbot for Academic Assistance [Link](#) *React.js, TailwindCSS, Django, OpenAI GPT API*

- Created an AI-powered chatbot capable of note summarization, doubt solving, and instant QA using OpenAI GPT.
- Integrated the chatbot with Django backend and React frontend for real-time interaction.
- Streamlined academic queries and improved student engagement with automated, intelligent responses.

EDUCATION

B.Tech in Data Science and Artificial Intelligence, CGPA: 6.18
ICFAI Foundation For Higher Education Expected 2026

Intermediate in MPC, Percentage: 81.5
Sri Chaitanya Junior College 2020-2022

CERTIFICATES

Python Zero to Hero [Link](#)
Web Development Bootcamp [Link](#)

INTERESTS & VALUES

Passionate about building educational tools and solving real-world problems using technology. Enjoy learning emerging tech stacks like LangChain, FastAPI, and AI integrations. Committed to continuous learning, and open knowledge sharing.
